N. B.—(1) The approximate quantity of wood to be prepared, assorted and carted is 350 tons which may be increased at the discretion of the District Forest Officer, Mysore Division, Mysore.

3. The Chief Conservator of Forests, in Mysore, Bangalore, will be at liberty to accept or reject the lowest tender without assigning any reason therefor.

4. Within fifteen days from the date of intimation of the fact of approval, the successful tenderer shall furnish a security of Rs. 200 including the initial deposit referred to above in the shape of Mysore Government Savings Bank Account, duly pledged in favour of the District Forest Officer, Mysore Division, Mysore, and execute an agreement binding himself to observe the following conditions.

5. Separate rates should be quoted for preparation of billets, chiltas and roots.

6. For carting to the Sandalwood Oil Factory, rates should be quoted separately for billets, roots and chiltas.

7. Rates for weighing sandal and lotting at the time of stock-taking may also be quoted.

8. The contractor shall weigh out rough sandalwood issued for preparation and weigh out assorted sandalwood and store the same in the Koti shed without extra charges.

CONDITIONS.

(*a*) That the contractor shall be ever ready during the period of contract to employ as many of coolies who know how to work at sandal so as to turn out the allotted quantity every week, fortnight or month as may be assigned.

(*b*) That in case the contractor fails to employ the number of coolies required so as to turn out the allotted quantity of prepared wood at any time, the officer in charge of the Koti shall make his own arrangements for the preparation of wood by employing coolies, making the contractor liable to pay up the cost, even though it may happen to be extra. The contract will also be liable for cancellation at the discretion of the District Forest Officer on account of such default.

(*c*) The Koti preparation work will be commenced at 8 A.M. and continued till 6 P.M. every day with an interval of two hours from 12 NOON.

(*d*) The available tools in the Koti shall be spared for work and in case the number of coolies is more than that of tools available, the contractor should himself provide the extra tools required. That the rough wood to be given will be lot-war and until such lots once given are fully worked out and assorted, no further fresh lots will be given out for assortment.

N.B.—As a rule, rates are payable for the superior class of prepared wood and less for Milva-chiltas. Hence, two different rates should be quoted in the tender, one for the out-turn of superior classes and the other for Milva-chiltas, since the object aimed at is that greater care should be taken by the contractor to see that the Koti preparation work is conducted on principles of economy so as not to waste heart wood by conversion into chips. The contract will also be liable for cancellation at the discretion of the District Forest Officer on account of such default.

(i) The loading and unloading business will be done so as not to give room for leakage or damage of sandalwood and that in either case the contractor will be liable to the department for the loss so sustained.
